# SWEDISH DESIGN SINCE 1883

Just ask any tradesperson. If it's power and precision you're after, it has to be Hultafors Tools. Hand tools that really give you the best possible performance, safety and precision. Tools that can handle tough applications, last for a long time and above all feel right in your hand. The reason is actually quite simple. When we develop our products, we do it together with professionals. We understand their work situation and listen to their needs. They remain part of the product testing process until everyone is satisfied with the results. This is the only way for us to be absolutely sure that our tools actually work in practice and assist you in your work.

Our expertise on the everyday working life of tradespeople is somewhat unique. As is our long-standing experience. It all began in 1883 when Karl-Hilmer Johansson Kollén designed the now world-famous folding rule. Over the ensuing 143 years, we have continued to develop and manufacture hand tools for tradespeople.

Hultafors proudly offers world-renowned measuring tapes as part of our hand tool range. With our new state-of-the-art manufacturing facility at the home of our folding rule factory in Sweden, we continue to deliver the precision and reliability you can count on, day after day.

# A unique product family

HULTAFORS **GROUP** offers a dynamic range of premium brands to rely on – for distributors and tradespeople alike. Each brand within the Group is united with a common passion: to keep tradespeople at the forefront in terms of functionality, safety, protection, and overall productivity.

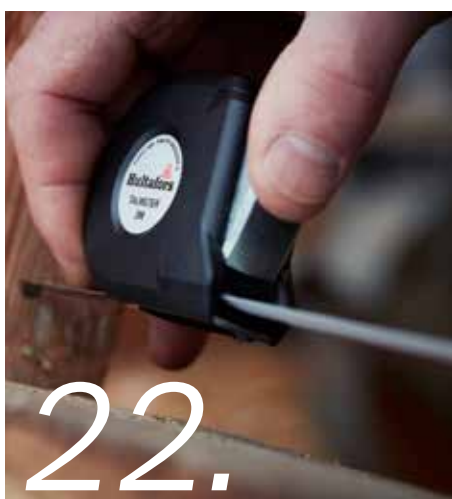

HULTAFORS **GROUP** is proud to present fifteen leading brands that together offer a unique product family for professional tradespeople.

Each brand represents expertise in its area and brings unparalleled knowledge and insight into the unique on-the-job challenges encountered by tradespeople. This makes it possible for us to meet, even anticipate, evolving demands by designing innovative state-of-the-art products that make the tradespeople's workday safer, easier, and more productive.

Excelling in brand-driven product categories within the industry and construction equipment sectors, we offer customers and users a best-in-class experience. By using our high value products as well as benefitting from brands built around their needs, tradespeople can be at the forefront every day and take great pride in their work.

# AWARD-WINNING TOOLS

Considered to be one of the world's most prestigious product accolades and renowned as a symbol of innovation and quality, the iF DESIGN AWARD has been recognised globally as a hallmark of quality for exceptional product design, for 70 years. Hultafors Group won the iF Design Award in 2020 for the Snap-Off Knife (SFRP 18A) and Dry Marker HDM. In 2025, The Quattro Bevel Square has now received this distinguished award.

Hultafors Group have received seven Red Dot awards since first entering the international design competition. The "Red Dot" has become one of the most sought-after seals of quality for good design among manufacturers and designers all over the world. According to the motto "in search of good design and innovation", the jury evaluates the entries and only awards a Red Dot to products that win them over with their high design quality.

## QUATTRO BEVEL SQUARE

An innovative adjustable square that also functions as a bevel square and an angle finder. The blade can be rotated with fixed positions for 45°, 90°, 135° (180°, 225° and 270°). A robust joint and a 25cm long blade of 1mm thick, high-strength stainless steel provides a very durable design that can withstand tough working environments and will last a long time. Carefully selected materials and manufacturing techniques such as a CNC-milled stock and a blade cut with a precision laser provide high accuracy; angle tolerance  $\pm 0.06^\circ$  ( $\pm 1\text{mm/m}$ ). The 45mm wide is perfect for working with standard stud dimensions, with a centre for easy marking. Packed in 5-packs.

Ref. no.	Model	Length	Tolerance	Unit Price
256023	QBS 25	330mm	$\pm 0.06^\circ$	£53.27 €61.79

## DRY MARKER HDM

Grip-friendly pencil in holster with built-in sharpener for clear markings. Packed in 10-packs.

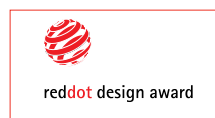

Ref. no.	Model	Length	Width	Height	Unit Price
650100	HDM	164mm	21mm	28mm	£13.89 €16.11

## SNAP-OFF KNIFE SFRP 18A

Ergonomic snap-off knife with auto lock and tail fin for tucking carpets or opening cans. Suitable for all-round use, the design with rubberised grip makes it suitable for cutting materials demanding more power such as plasterboard, insulation, aqua panel and wood. Tapered for better visibility, access and control. The knife includes a dispenser with 3 spare blades and is made of durable PC-plastic (polycarbonate) with a steel core for added stability. 1mm thick metal blade rail for additional stability. The knife features a symmetric design to accommodate both left and right usage. Packed in 10-packs.

Ref. no.	Model	Blade Width	Blade Length	Total Length	Unit Price
389240	SFRP 18A	18mm	100mm	178mm	£8.00 €9.28

## 5 PIECE EDC CHISEL SET

An everyday chisel for tough precision and all round use. High-quality Japanese steel blade with heavy-duty handle. Each chisel has a smart holster for protection and easy access. The set includes 5 EDC chisels: 6mm, 12mm, 18mm, 25mm and 32mm.

Ref. no.	Pack Qty	Unit Price
390005 (includes carry case)	1	£97.88 €113.54
390006	1	£97.87 €113.53

reddot design award

#### 4 PIECE HDC CHISEL SETS

Forged in one piece with an I-beam for extreme durability and to maximise the force transmission down to the work piece. Ideal for tasks requiring extreme strength and precision. Each chisel has a smart holster for protection and easy access.

Ref. no.	Chisel widths	Pack Qty	Unit Price
390671	6mm, 12mm, 18mm, 25mm	1	£155.34 €180.19
390673	12mm, 18mm, 25mm, 32mm	1	£158.60 €183.97
390295	20mm, 25mm, 32mm, 40mm	1	£167.29 €194.06

reddot design award

#### CARPENTER'S HAMMER TC

An ergonomically designed hammer, forged in one piece for increased durability with a vibration damping urethane plug. Thin, strong rounded claw that affords easy access without leaving marks. The claw opening and angle give the best possible grip on the nail. Ergonomically designed handle with clear end stop and a secure grip. Packed in 2-packs.

Ref. no.	Model	Weight	Handle	Unit Price
820110	TC 16 L	720g	Large	£51.06 €59.23
820120	TC 16 XL	720g	X-Large	£51.06 €59.23

591103	HBX-22-11	550mm	11 tpi	£43.63 €50.61

reddot design award

#### OUTDOOR KNIFE OK4 GH

A durable outdoor knife with friction grip suitable for tough tasks in the field. The hard-wearing textile belt loop is equipped with a pocket for a fire starter. The blade has a Scandi grind, made from 3.0mm carbon steel that has been hardened to 58-60 HRC and has a rust protective electrophoretic deposition coating to withstand corrosion. The ground spine of the blade is designed for starting a fire with a fire starter. Packed in 10-packs.

Ref. no.	Blade Length	Total Length	Unit Price
380270	93mm	209mm	£24.56 €28.49

reddot design award

#### ADJUSTABLE WRECKING BAR 209 SB

Wrecking bar manufactured in high quality steel with ergonomic rubber-clad handle. Articulated claw, adjustable to nine different positions. Wide, ground contact surfaces and thin ends make it easy to use and reduce the risk of leaving marks. Packed in 2-packs.

Ref. no.	Length	Weight	Unit Price
824115	640mm	1730g	£131.24 €152.23

reddot design award

#### CC LONG MEASURING TAPE

The CC measuring tapes have a unique one-hand grip for each case size, enabling optimal handling. Available in a variety of lengths with either a 'Matt Coat' polyester coated steel or PVC overcoated fibreglass blade. With a solid high-impact case of ABS plastic that is tougher than an equivalent steel case. Unique loop with added features and a mouth-piece with anti-wear function. Hole hanger for strap enabling safe work at heights. Packed in 2-packs.

## The boss of easy clean up!

### HULTAFORS WASTE MANAGER

This is probably the most important workmate at any construction site. Flat and easy to transport, set up and use. Giving you the benefit of an instant waste bag holder wherever you are. It fits standard waste bags ranging from 65 to 240 litres and creates a stable, upright structure that makes loading and unloading fast, clean, and efficient. Made of recycled PP plastic and can be used over and over again.

The smart design ensures quick setup wherever waste handling is needed. Whether you're at a construction site, in your workshop or in the garden cleaning out debris, you can trust the Hultafors Waste Manager to take care of the problem. Packed in 10-packs.

## Keep your favourite tools organised

### CRAFTSMAN'S POUCH

Keep your everyday essentials organised and within reach with this pouch. Designed for professional reliability, it features three inner compartments – one made to securely hold your Hultafors MRS Medium Rafter Square. Two side pockets that give you quick access to your most-used tools, like screwdrivers and pencils. It also features a sturdy tape measure holder. Made from durable 1680 Denier ballistic polyester, the pouch delivers lasting durability in a compact, comfortable design – perfect for all-day use, so you always have your tools at hand.

## Easy to carry, exceptional strength

### NAIL PULLER

A demolition multi-tool designed for craftsmen seeking flexibility and reliability. This versatile tool is effective for a variety of tasks, from demolition to fine adjustments and even opening cans.

Crafted from Swedish high-alloy boron steel, the Hultafors Nail Puller offers exceptional strength and durability. Its compact design ensures it's always ready in your tool belt, providing the perfect balance of mobility and power. The tool's thin, wide claw enables easy access and minimises surface pressure, protecting delicate materials like plasterboard. The teardrop nail puller allows for efficient extraction in any direction. Featuring innovative claw hammer interaction, this tool provides extra leverage for larger nails, making tough tasks easier and more efficient. Packed in 4-packs.

592060	Back Pocket Pouch	215mm	200mm	100mm	£12.30 <del>€14.27</del>

# Robust knife designed for electricians

Robust knife with a unique function for attaching the holster around a button on your work clothes. The blade edges and the design of the handle are optimised for cable stripping.

Versions for both left and right handed users available.

The two edges are optimised for stripping cables.

Super-durable PP plastic.

1.5mm carbon steel blade, hardened to 58-60 HRC.

Holster made from durable PP plastic.

## CRAFTSMAN'S KNIVES ADAPTED TO SUIT YOU

Hultafors knife blades are manufactured from high quality Japanese steel. The edges are sharpened in several stages and are finally honed on a leather strop. Both the handle and the holsters are made of durable polypropylene plastic and are designed with a unique method of attaching the holster to a button on your work clothes.

Our range includes knives with ingenious components that help you in your work and prevent damage to the knife.

## Knives

Packed in 10-packs unless otherwise stated.

### OUTDOOR KNIFE OK1

3mm carbon steel blade featuring scale and ground spine to facilitate use of a firestarter.

Designed for outdoor use. Holster features a detachable hard-wearing textile belt loop which includes a pocket for a firestarter.

Ref. no.	Model	Blade Length	Total Length	Unit Price
380110	OK1	93mm	225mm	£21.83 €25.32

### OUTDOOR KNIFE OK4 GH

3mm carbon steel blade featuring scale and ground spine to facilitate use of a firestarter. Gripped handle.

Designed for outdoor use. Holster features a detachable hard-wearing textile belt loop which includes a pocket for a firestarter.

Ref. no.	Model	Blade Length	Total Length	Unit Price
380270	OK4	93mm	209mm	£24.56 €28.49

### FIRE STEEL FS

100mm long and 10mm in diameter for use in all weathers. To be used against the spine of the OK1 and OK4 knives whose holsters come with fire steel holders. The elastic strap provides extra grip.

Ref. no.	Model	Total Length	Unit Price
380280	FS	100mm	£13.39 €15.53

### OUTDOOR FOLDING KNIFE OKF

2.8mm black-coated stainless steel blade. Ideal for fishing trips or the forest. Simple, safe locking of the blade is possible using a button on the side of the handle. Features a reversible belt clip.

# PRECISION IN EVERY CUT

The Hultafors range of snap-off knives and spare blades are all defined by high precision, excellent sharpness and long-lasting performance.

Combined with clever and ergonomic design, these features guarantee a focused and efficient job.

## SNAP-OFF KNIFE SFRPB 18A/W

Ergonomic snap-off knife with a bent tail fin. The rubberised grip makes it ideal for cutting tougher materials demanding more power, such as plasterboard, insulation, aqua panel and wood. It has a tapered knife tip with extended front of blade rail for better stability, access and visibility. The bent tail fin efficiently tucks carpets or opens cans. The knife includes a dispenser with 3 spare blades and is made of durable PC-plastic (Polycarbonate) with a steel core for added stability. 1mm thick metal blade rail for additional stability.

Ref. no.	Model	Lock	Blade Width	Blade Length	Total Length	Pack Qty	Unit Price
389340	SFRPB 18A	Auto	18mm	100mm	193mm	10	£8.54 €9.91
389350	SFRPB 18W	Wheel	18mm	100mm	193mm	10	£8.54 €9.91

## SNAP-OFF KNIFE SFRP 18A/W

Ergonomic snap-off knife with tail fin for tucking carpets or opening cans. Suitable for all-round use, the design with rubberised grip makes it suitable for cutting materials demanding more power such as plasterboard, insulation, aqua panel and wood. Tapered for better visibility, access and control. The knife includes a dispenser with 3 spare blades and is made of durable PC-plastic (polycarbonate) with a steel core for added stability. 1mm thick metal blade rail for additional stability. The knife features a symmetric design to accommodate both left and right usage.

Ref. no.	Model	Lock	Blade Width	Blade Length	Total Length	Pack Qty	Unit Price
389240	SFRP 18A	Auto	18mm	100mm	178mm	10	£8.00 €9.28
389250	SFRP 18W	Wheel	18mm	100mm	178mm	10	£8.00 €9.28

## SNAP-OFF KNIFE SRP

The snap-off knife SRP is an ergonomic, robust knife available in four different model types. The design with rubberised grip makes it suitable for materials demanding more power. Tapered for better visibility, access and control. The knife includes a dispenser with 3 spare blades and is made of durable PC-plastic (polycarbonate) with a steel core for added stability. 1mm thick metal blade rail for additional stability. The knife features a symmetric design to accommodate both left and right usage.

## SNAP-OFF KNIFE SRP 18A/W

Suitable for all-round use such as cutting plasterboard, insulation, aqua panel and wood.

Ref. no.	Model	Lock	Blade Width	Blade Length	Total Length	Pack Qty	Unit Price
389220	SRP 18A	Auto	18mm	100mm	156mm	10	£7.45 €8.64
389230	SRP 18W	Wheel	18mm	100mm	156mm	10	£7.45 €8.64

## SNAP-OFF KNIFE SRP 25A/W

Suitable for cutting thick carpets or insulation.

Ref. no.	Model	Lock	Blade Width	Blade Length	Total Length	Pack Qty	Unit Price
389260	SRP 25A	Auto	25mm	125mm	156mm	6	£12.37 €14.35
389270	SRP 25W	Wheel	25mm	125mm	156mm	6	£12.37 €14.35

## SNAP-OFF KNIFE SPP

The snap-off knife SPP is a robust knife, available in five different model types. The slim design makes it suitable for all-round use. Tapered for better visibility, access and control. The knife is made of durable PC-plastic (polycarbonate) with a steel core for added stability. The knife features a symmetric design to accommodate both left and right usage.

### SNAP-OFF KNIFE SPP 9A

Suitable for precision cuts such as intricate paper cutting or opening boxes. Easy to attach to a pocket using the clip which can also be used for safe blade snapping. Auto lock function.

Ref. no.	Model	Lock	Blade Width	Blade Length	Total Length	Pack Qty	Unit Price
389140	SPP 9A	Auto	9mm	80mm	147mm	10	£3.65 €4.23

### SNAP-OFF KNIFE SPP 18A/W

Suitable for all-round use such as cutting plastic, paperboard and stripping cables. 1mm thick metal blade rail for additional stability. Available with auto lock or wheel lock function.

Ref. no.	Model	Lock	Blade Width	Blade Length	Total Length	Pack Qty	Unit Price
389150	SPP 18A	Auto	18mm	100mm	157mm	10	£6.40 €7.42
389160	SPP 18W	Wheel	18mm	100mm	157mm	10	£6.40 €7.42

### SNAP-OFF KNIFE SPP 25A/W

Suitable for cutting thick carpets or insulation. 1mm thick metal blade rail for additional stability. Available with auto lock or wheel lock function.

Ref. no.	Model	Lock	Blade Width	Blade Length	Total Length	Pack Qty	Unit Price
389280	SPP 25A	Auto	25mm	125mm	186mm	6	£10.17 €11.80
389290	SPP 25W	Wheel	25mm	125mm	186mm	6	£10.17 €11.80

## Snap-Off Knife Spare Blades

### SNAP-OFF BLADE ALLROUND

A reliable blade for everyday cutting with excellent sharpness and long life, developed for all-round usage such as cutting plastic and paperboard, stripping cables and opening boxes. 9mm blade comes in a pack of 10. 18/25mm blades come in a practical storage box with 4 dispensers holding 3 spare blades each. The box can be used for snapping blades and safely storing worn-out blades. 8-12 sections per blade, the last blade can also be used.

Ref. no.	Model	Blade Width	Blade Length	Pack Qty	Unit Price
389530	SBA9-10	9mm	80mm	10	£5.33 €6.19
389630	SBA18-4X3	18mm	100mm	10	£8.96 €10.39
389650	SBA25-4X3	25mm	125mm	10	£12.61 €14.62

### SNAP-OFF BLADE NON-SEGMENT

A flexible blade for precision work close to the workpiece. Used for removing residues of glue and silicone. Fits snap-off knives that use 18/25mm wide blades. The blade can be mounted for right and left-handed usage.

Ref. no.	Model	Blade Width	Blade Length	Pack Qty	Unit Price
389740	SBN18-4X3	18mm	100mm	10	£22.13 €25.67

### SNAP-OFF BLADE EDGE

A blade with extra sharpness for tasks demanding precision, developed for precision cuts and when cutting plasterboard. 9mm blade comes in a pack of 10. 18/25mm blades come in a practical storage box with 4 dispensers holding 3 spare blades each. The box can be used for snapping blades and safely storing worn-out blades. 8-12 sections per blade.

Ref. no.	Model	Blade Width	Blade Length	Pack Qty	Unit Price
389830	SBE18-4X3	18mm	100mm	10	£10.74 €12.46
389860	SBE25-4X3	25mm	125mm	10	£17.56 €20.37

### SNAP-OFF BLADE PERFORMANCE

A blade with sharp long-life performance for tougher cuts, developed for cutting insulation, plasterboard and carpets. Comes in a practical storage box with 4 dispensers holding 3 spare blades each. For 18/25mm blades the box can be used for snapping blades and safely storing worn-out blades. 8 sections per blade, the last blade can also be used.

Ref. no.	Model	Blade Width	Blade Length	Pack Qty	Unit Price
389920	SBP18-4X3	18mm	100mm	10	£19.19 €22.26

# Clear marks, on all types of surfaces

Grip-friendly pen in holster with built-in sharpener for clear markings. The Dry Marker is easy to remove from its holster, so you do not have to let go of what you are working with.

## DRY MARKER HDM

Grip-friendly pencil in holster with built-in sharpener for clear markings. Packed in 10-packs.

- Grip-friendly and ergonomic design.
- Roll stop on both pencil and holster.
- Sharp and accessible sharpener placed in the holster.
- Optimised lead for durability and resistance to moisture
- Refill is available with 10 leads in a smart container.

Ref. no.	Model	Length	Width	Height	Unit Price
650100	HDM	164mm	21mm	28mm	£13.89 €16.11

## DRY MARKER DISPLAY

An easy-to-place counter display that combines the Dry Marker and the Dry Marker Refill. The display holds 20 pencils and 10 refills. Packed in 1-packs.

- Includes 20 Dry Markers, 5 refills with graphite leads and 5 refills with graphite leads and chalk in red and yellow.

Ref. no.	Model	Length	Width	Height	Unit Price
650130	HDM RD	212mm	163mm	166mm	£372.18 €431.73

## DRY MARKER REFILL

Smart container with 10 leads for marking on all types of surfaces. Hultafors refill can be attached with a clip to a pocket or a tool bag. The design of the container protects the leads during transport and only ejects one lead at a time. The refill is now available in 8 colour combinations and fits the Hultafors Dry Marker. Packed in 10-packs.

- Refill with 10 leads for Dry Marker.
- Clips for easy storage in pocket or bag.

Ref. no.	Model	Colour	Length	Width	Height	Unit Price
650110	HRD G	Graphite	131mm	23mm	28mm	£8.65 €10.03
650120	HRD GRY	Graphite/Red/Yellow	131mm	23mm	28mm	£8.65 €10.03
650140	HRD-BGW	Blue/Green/White	131mm	23mm	28mm	£8.65 €10.03
650150	HRD-R	Red	131mm	23mm	28mm	£8.65 €10.03
650160	HRD-Y	Yellow	131mm	23mm	28mm	£8.65 €10.03
650170	HRD-B	Blue	131mm	23mm	28mm	£8.65 €10.03
650180	HRD-GR	Green	131mm	23mm	28mm	£8.65 €10.03
650190	HRD-W	White	131mm	23mm	28mm	£8.65 €10.03

## DRY MARKER BLISTER PACK

Grip-friendly pencil in holster with built-in sharpener for clear markings in blister packaging. Packed in 10-packs.

Ref. no.	Model	Length	Width	Height	Unit Price
650200	HDM	131mm	23mm	28mm	£15.78 €18.30

## DRY MARKER & REFILL BLISTER PACK

Smart starter package with the Hultafors Dry Marker and refill container with 10 leads for marking on all types of surfaces in blister packaging. Refill contains 10 leads of different colours (graphite, red and yellow) for the Dry Marker. Packed in 10-packs.

Ref. no.	Model	Length	Width	Height	Unit Price
650230	HDM-STRT	247mm	80mm	34mm	£23.19 €26.90

## DRY MARKER REFILL BLISTER PACK

Smart container with 10 leads for marking on all types of surfaces, in blister packaging. Packed in 10-packs.

Ref. no.	Model	Colour	Length	Width	Height	Unit Price
650210	HRD G	Graphite	214mm	65mm	30mm	£10.18 €11.81
650220	HRD GRY	Graphite/Red/Yellow	214mm	65mm	30mm	£10.18 €11.81
650240	HRD-BGW	Blue/Green/White	214mm	65mm	30mm	£10.18 €11.81
650250	HRD-R	Red	214mm	65mm	30mm	£10.18 €11.81
650260	HRD-Y	Yellow	214mm	65mm	30mm	£10.18 €11.81
650270	HRD-B	Blue	214mm	65mm	30mm	£10.18 €11.81
650280	HRD-GR	Green	214mm	65mm	30mm	£10.18 €11.81
650290	HRD-W	White	214mm	65mm	30mm	£10.18 €11.81

## CHALK LINE CLP DUO 30

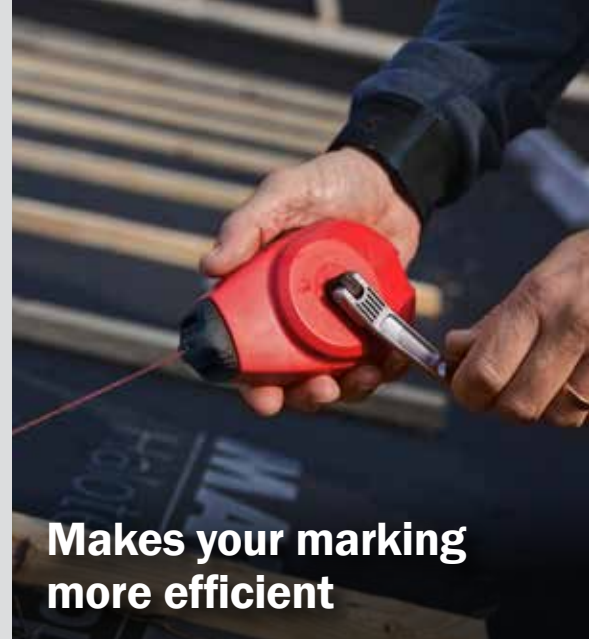

The new CLP Duo 30 is an innovative solution with two housings connected by one line, making work safer and more efficient in hard-to-reach places, such as roofs or sky lifts. Unlike a traditional chalk line reel, you don't have to walk or throw back the end hook, instead you can crank the line back and forth between the houses for easy pigment replenishment. Quantity per pack: 2.

- Innovative design with two housings to increase efficiency and safety.
- 30 metres of braided line provides distinctive lines thanks to high absorbency.
- Robust construction with ABS plastic housing, metal crank with 3:1 gear ratio and ergonomic release button.
- Overload protection reduces the risk of damaging the gear and breaking the line.
- Holds 2x 100g chalk.

Ref. no.	Model	Weight	Length	Width	Height	Unit Price
653013	CLP Duo 30	444g	243mm	183mm	65mm	£36.02 €41.78
653033	Spare Line RCL Duo 30		260mm	120mm	26mm	£18.80 €21.81

NEW

Makes your marking more efficient

## Pencils

All pencils are supplied in packs of 200.

### CARPENTER'S PENCILS

Ref. no.	Model	Length	Hardness	Unit Price
650207	SNP 18 RED	180mm	HB	£0.95 €1.10
650707	SNP 18 BLACK	180mm	HB	£0.95 €1.11
650407	SNP 24 BLUE	240mm	HB	£1.56 €1.81

### CONCRETE PENCIL

Ref. no.	Model	Length	Hardness	Unit Price
650307	BEP 30 GREEN	300mm	10H	£1.56 €1.81

## Markers

### PERMANENT MARKER SET

Set of four permanent markers with alcohol-based ink that adheres to almost any material, in colours blue, red, green and black. Round tip for precision marking. Packed in 1 packs.

Ref. no.	Model	Length	Unit Price
650330	HPM SET	142mm	£9.75 €11.30

### INK DEEP-HOLE MARKER

Ink pen for marking in hard-to-reach places and in narrow holes. Available in permanent red or black ink. Packed in 10 packs.

Ref. no.	Model	Colour	Unit Price
650310	HIDHM B	Black	£5.43 €6.30
650320	HIDHM R	Red	£5.43 €6.30

## Chalk Lines

### CLP 30

Absorbs more chalk - up to 10 distinct lines. Rewinds 3x faster than traditional chalk lines, quick reel-out gear release and overload protection. Weight 140g. Quantity per pack: 2.

Ref. no.	Model	Length	Unit Price
652113	CLP 30	30m/100ft	£25.33 €29.38

### CHALK LINE AL

Aluminium.

Quantity per pack: 6.

Ref. no.	Model	Length	Weight	Unit Price
652153	AL 30	30m/100ft	140g	£22.26 €25.82

### GIANT CHALK LINE

Supplied individually.

Ref. no.	Model	Length	Weight	Unit Price
652161	C1-060	50m/165ft	610g	£63.30 €73.43

## Chalk

### MARKING CHALK

Quantity per pack: 6.

Ref. no.	Model	Weight	Unit Price
652633	ULTRA BLUE 400	400g	£9.19 €10.66
652523	BLUE 100	100g	£4.15 €4.82

652733	HIGH VIZ GREEN 200	200g	£13.43 €15.58
652833	HIGH VIZ ORANGE 200	200g	£13.43 €15.58

# WORLD CLASS ACCURACY

**This spring, we're opening a new, highly automated factory for tape measure production in Hultafors, Sweden.**

This is our largest investment in many years, giving us even better opportunities to develop measuring tools with high precision, durability, and function for professional users.

Hultafors has a long tradition of developing measuring tools in Hultafors. Our folding rule production is already based here, and the new factory further strengthens our role as the Nordic competence centre for measurement. When production starts, the factory will produce approximately 20 million metres of tape measure per year.

## Advanced technology for high precision

In the new factory, we continue to develop the technology behind our tape measures. We've spent years developing a unique inkjet technology for tape measure manufacturing. In the new factory, we can take the technology even further. This allows us to deliver tape measures in the highest precision class - something very few manufacturers in the world can match.

## What this means for you

The new factory gives us better conditions to keep developing products for professional users. This means:

- High and consistent precision in gradation.
- Clear and durable markings that last over time.
- Faster development of new products and variants.
- Greater flexibility for customised solutions.

## More sustainable production

The new factory replaces our production in England and represents a clear environmental step forward. The production process is modernised with gentler cleaning methods and improved chemicals in the pre-treatment of the bands. The facility is also designed for high energy efficiency, where modern heating systems make it possible to recover process energy. The first products from the factory are already in production and are expected to reach the market shortly.

# Check the precision of your tape

## Steel Tape Measurement Accuracy

Measurement accuracy is a very important feature of a tape measure. It is measured and stated in the form of a tolerance class. We classify measuring tapes in EC Class I and EC Class II.

Steel Tape Measure Production Tolerances		
Total length (m)	Class I (mm)	Class II (mm)
2	±0.3	±0.7
3	±0.4	±0.9
5	±0.6	±1.3
8	±0.9	±1.9
10	±1.1	±2.3
15	±1.6	±3.3
20	±2.1	±4.3
25	±2.6	±5.3
30	±3.1	±6.3
50	±5.1	±10.3
100	±10.1	±20.3

Accuracy tolerance excluding end hook.

If the hook or ring forms part of the measurement an additional allowance of ± 0.1mm (Class I) 0.2mm (Class II) is permitted.

## Changing Lengths

Often we experience significant temperature differences between summer and winter, differences that affect length of a steel tape measure. All tolerances quoted here apply at 20°C, so it is important to be aware of the measurement deviations for various temperatures.

Length Change for a Steel Tape Measure for Temperature Deviations from 20°C			
ΔT	10°C	20°C	30°C
Length (m)	Length Change (±mm)		
2	0.2	0.5	0.7
3	0.4	0.7	1.1
5	0.6	1.2	1.9
8	1.0	2.0	3.0
10	1.2	2.5	3.7
20	2.5	5.0	7.4
30	3.7	7.4	11.2
50	6.2	12.4	18.6
100	12.4	24.8	37.2

Length change  $\Delta L$  is calculated using formula  $\Delta L = L \times \Delta T \times \alpha$   
 $L$  = tape measure length,  $\Delta T$  = temperature difference from 20°C.  
 $\alpha$  = coefficient of linear expansion ( $1.24 \times 10^{-5}$ ).

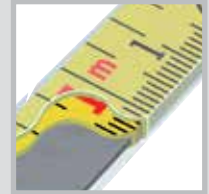

Example: If the outdoor temperature is -10°C the difference is -30°C, and the change will thereby be -3.0mm for an 8m long steel tape.

# BLADE VARIATIONS

## SHORT TAPES

### Matt Coat

Carbon spring steel, hardened, tempered and concaved to enable long extension. Polyester coated for improved abrasive resistance.

## LONG TAPES

### Matt Coat

Tough, white polyester coated steel tape. Printing is protected by an additional transparent polyester top coating. Resistant to commonly used solvents and abrasion. Tapes are accurate within the accuracy class marked on the tape, at a reference temperature of 20°C, when a tractive force of 50N is applied. This applies at all lengths to be measured.

### Tough Coat

Tough, yellow polyester coated steel tape, with an extra thick nylon coating for added protection. Resistant to common chemicals, solvents, abrasion and breakage.

Withstands bending, kinking and crushing. Recommended for heavy duty measuring work. Tapes are accurate within the accuracy class marked on the tape, at a reference temperature of 20°C, when a tractive force of 50N is applied. This applies at all lengths to be measured.

### Fibreglass

Highly flexible tape, much lighter than steel. Constructed from multiple unidirectional glass-fibre strands embedded in flexible PVC. The tape also incorporates an extra thick PVC coating to offer superior resistance to scuffing and marking. Fibreflex tape is electronically non-conductive when dry, corrosion proof and resistant to breakage and common chemicals. Tapes are accurate within the accuracy class marked on the tape, at a reference temperature of 20°C, when a tractive force of 20N is applied. This applies at all lengths to be measured.

# THE NEXT GENERATION

## The PR & SL Short Tapes.

Experience a new dimension of reliable precision and ease of use. Our hard-wearing PR short tapes feature high impact cases of ergonomic design with rubber coating for optimum grip. Pull the steel tape and you'll feel the high-quality precision mechanism. Smooth and silent, distinct brake and gentle return action.

Alternatively, if you prefer things that come in small packages, then our SL short tape is the one for you. A high-impact slim case which fits perfectly in your pocket, combines hard-wearing reliability with ease of use.

### PR MEASURING TAPE

Tough tape with ergonomic grip, rubber coated button and brake pad area, with a high impact case made of ABS plastic. Yellow, wear resistant blade graduated using highly accurate ink-jet print. Smooth blade return action and bump stop with anti-wear function.

- Type approved as per EC Class I.
- Metal hole hanger for strap enabling safe work at heights.
- Strong stainless steel end-hook with reinforcement plate.
- Distinct brake causing no blade movement.
- The blade can be replaced and is available as a spare.

# Better rust resistance in tough conditions.

A measuring tape with a polyester-coated stainless steel blade and a stainless steel spring. Made for work in wet environments.

## SHORT MEASURING TAPE PRSS – STAINLESS STEEL

The blade is graduated using highly accurate inkjet printing to give you optimal contrast and precision when measuring.

The casing is made from high impact ABS plastic, rubber-coated for a better grip and impact resistance. Features an ergonomic grip and rubber-coated brake button, plus a smooth blade return action and bump stop with an anti-wear function that protects the blade and end-hook.

The 4m model has a slim metal belt clip. The 6m model has a detachable belt clip with a quick-release function that makes it easier to release the tape with one hand.

- Stainless steel blade and spring.
- Type approved as per EC Class I.
- Metal clip for attaching a lanyard when working at heights.
- Strong stainless steel end-hook with a reinforcement plate.
- Distinct brake causing no blade movement.
- The end-hook adjusts itself for internal measuring.

# BIG T

Innovation at its very best. Hundreds of hours of research amongst builders, carpenters and many other professionals helped to develop the Big T measuring tape which sets new standards in design and technology.

## 7 BIG BENEFITS

Probably the world's most advanced measuring tape. Developed based on hundreds of hours of detailed on-site research, looking at every aspect of how professionals measure. The result is a tape with a multitude of user benefits designed for measuring more quickly, easily and reliably.

- Tough rubber protection with patented shock absorber.
- Ergonomic case shape feels moulded to your hand during use.
- Superior brake control with maximum holding power.
- Clear-view end-hook allows blade to be read right to the tip.
- Rubber grip tips locates and holds the blade tip firmly.
- Easy inside measurements make add-ons easy.
- Quick-release belt holster holds tape securely and is easy to insert and release.

30cc/60cc SCALE

45cc SCALE

Models 356123 and 356223 only:

The back of the blade is marked with CC-measurement for 30, 60 and 45cm to assist with setting out walls (shown above).

## BIG T MEASURING TAPE BT

Ref. no.	Model	Length	Class	Blade Width	Pack Qty	Unit Price

356123	BT5M	5m	I	19mm	2	£26.74 €31.02
356213	BT8ME	8m/26ft	I	25mm	2	£32.41 €37.59
356223	BT8M	8m	I	25mm	2	£32.40 €37.59

# BIG T 5.4m

40cm extra to fit regular lumber lengths

## SHORT MEASURING TAPE BT 5.4M – STEEL

The BT has an ergonomic brake button placed at the top of the housing, allowing you to operate it with both the thumb and the palm of your hand.

The yellow steel blade is graduated using highly accurate inkjet printing with a matt finish, allowing precise and reflection-free readings. The back of the blade is marked with 30, 45 and 60cm CC measurements for setting out walls. The casing is made of high impact ABS plastic with rubber protection at all impact points.

- A unique belt clip with quick release function allows the tape to easily be released with one hand.
- Ergonomic brake for easy blade locking.
- CC graduation on reverse of blade every 30, 45 and 60cm.
- Easy internal measurement, a fold out bracket makes the housing 100mm long.
- Rubber end-hook for better grip and protection.

Ref. no.	Model	Length	Class	Blade Width	Pack Qty	Unit Price
356303	BT 5.4M	5.4m	I	19mm	2	£26.95 €31.26

# TALMETER

## EASIER MEASURING & MARKING

The Talmeter allows you to take a measurement and then mark it directly onto your work piece, without even reading off the scale to verify the length. Thanks to the combined measuring and marking edges and a firm brake you can keep your set measurement and securely transfer it to any object, over and over again.

### TALMETER MARKING MEASURE

Impact resistant steel tape measure with a 16mm wide blade, graduated in millimetres. ABS plastic case. Combined marking and measurement edges mean that you can quickly and simply measure and mark both internal and external lengths. The tape and extender can be replaced and are available as spare parts.

Ref. no.	Length	Blade Width	Pack Qty	Unit Price
359103	2m	16mm	6	£19.63 €22.77
359203	3m	16mm	6	£23.81 €27.62
359303	6m	25mm	2	£58.02 €67.31

### TALMETER REFILL BLADES RB

Ref. no.	Length	Blade Width	Unit Price
359111	2m	16mm	£11.79 €13.68
359211	3m	16mm	£16.04 €18.61

### TALMETER EXTENDER MT-SL

Individually packed

Ref. no.	Model	Unit Price
359003	MT-SL	£4.67 €5.42

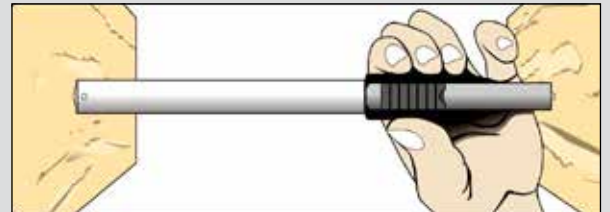

Talmeter 6m model (359303) includes a unique belt clip with a quick release function.

### TALMETER FEATURES

The number of measurement units that the length comprises can be read from reading the indicators against the scale. However, if it is possible to etch the length directly on the workpiece, actually reading the measurement becomes completely unnecessary.

The fold-out extender is designed to make internal measurements just as easy to take as external measurements.

The combined measurement and marking edges allow you to take your measurement and then transfer that measurement to your workpiece.

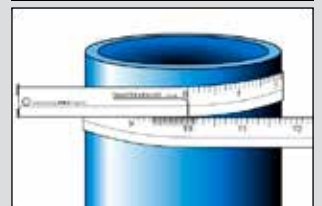

Measure internal lengths just as quickly and simply as external lengths.

Use as a compass and draw precise arcs with a single hand.

### 2M / 3M MODELS ONLY

The stiff, yet flexible tape makes it easy to measure diameters and exact circumferences.

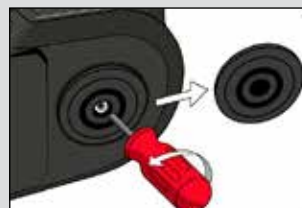

### 6M MODEL ONLY

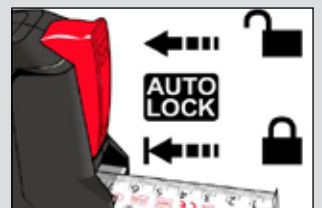

A notch on rear edge of the housing allows the attachment of a safety line.

Unique belt clip with a quick release function that allows the marking measure to be released with one hand.

The belt clip attachment is easy to remove.

Button with three functions:

1. Autolock position - tape can be adjusted in and out.
2. Release position - tape retracts into the housing and is easy to pull out.
3. Brake position - the tape is locked.

# Trusted by the trade

The Brick-Mate™ is a specialist tape measure designed specifically to aid professional bricklayers in their work. It has a unique blade design with three scales to calculate brick & block quantities and course heights along with a conventional metric scale for general measuring.

Zero wastage on estimates.

Unique snap-in quick-release belt clip holder.

Counts bricks & blocks quantities + course heights.

Non-reflective blade with metric scale for general measuring, even in strong sunlight.

# BRICK-MATE™

The innovative way to set out dry bonds and accurately calculate brick quantities.

Use the Brick-Mate™ for any bricklaying job - big or small - it will save time, effort and money.

## DESIGNED FOR PURPOSE

A specialist tape measure designed specifically to aid professional bricklayers in their work.

- Unique blade design with three scales to calculate brick & block quantities and course heights, along with a conventional metric scale accurate to EC Class I, for general measuring.
- Saves the builder time and money when costing for building work.
- Saves time and effort - no more laying out dry bonds means setting out buildings takes minutes instead of hours.
- Bright ergonomic ABS case for easy on-site visibility.
- Reinforced sliding end-hook ensures a true zero point whether hooking on or butting up.
- Non-reflective blade for easy reading, even in strong sunlight.
- Easy to operate positive lock, minimising blade slip.
- Unique snap-in quick-release belt clip holster.
- Also available as a counter top display unit containing 6 pieces with header card.

## BRICK-MATE™ MEASURING TAPE BM

Ref. no.	Model	Length	Class	Blade Width	Pack Qty	Unit Price
352403	BM8M	8m	I	25mm	2	£28.72 €33.32

# STAINLESS STEEL BRICK-MATE™

Trusted by the trade for over 20 years, the iconic Brick-Mate™ is now also available as a stainless steel version.

- Even more durable and resistant to corrosion.
- Made in Britain using sustainable materials.
- Easy to clean and less likely to clog up with dust and debris when used in the wet.
- Exceptional impact resistance and strength.

## BRICK-MATE™ MEASURING TAPE BMSS

Ref. no.	Model	Length	Class	Blade Width	Pack Qty	Unit Price
352423	BMSS8M	8m	I	25mm	4	£42.59 €49.40

# SURVEYOR

## ADVANCED ERGONOMICS

The outstanding result of five years of in-depth research and development, the Surveyor sets new high standards for professional tapes. Through stages of rigorous tests and prototyping, a whole series of innovative design features have been incorporated into the high performance tape, exemplified by its distinctive design.

- Impact resistant ABS frame with rubber overmould protection.
- Right and left hand flip-out ergonomic rewind handle.
- Press button firm blade lock with simple release.
- Rubber grip top handle and lower base grip.
- Integral ground spike for end-hook anchoring.
- Corrosion resistant triple action end-hook.
- Low friction action for smooth rewind.
- Scaled diameter blade drum for balanced rewind speed.
- Easy clean blade feed with side flush apertures.

### SURVEYOR MEASURING TAPE SY

13mm Tough Coat steel tape.

Ref. no.	Model	Length	Class	Blade Type	Pack Qty	Unit Price
353541	SY50ME	50m/165ft	I	Tough Coat	1	£128.23 €148.75
353501	SY50M	50m	I	Tough Coat	1	£128.23 €148.74

### CC LONG TAPES

The CC tapes have a unique one hand grip for each case size enabling optimal handling. Available in a variety of lengths with either, a 'Matt Coat' polyester coated steel or PVC overcoated fibreglass blade. With a solid high-impact case of ABS plastic that is tougher than an equivalent steel case. Unique loop with added features and a mouth-piece with anti-wear function.

- Matt Coat polyester coated steel blades are accurate to EC Class I.
- PVC overcoated fibreglass blades are accurate to EC Class II.
- High impact ABS case with unique hand grip enabling optimal handling.
- The medium size case has a quick rewind function 3:1.
- Hole hanger for strap enabling safe work at heights.

### CC MEASURING TAPE

Matt Coat steel or Fibreglass tape. Packed in 2-packs.

### WOODEN FOLDING RULE

Quantity per pack: 10.

Ref. no.	Model	Length	Width	Unit Price
100004	59-2-10	2m	17mm	£8.81 €10.22

## LONG TAPE ENDINGS

Hultafors long tapes have four alternative beginning points:

**A Endings** - Zero point is approximately 100mm from the end of the tape.

**B Endings** - Zero point is at the end of the tape.

**C Endings** - Zero point is at the inside edge of the claw.

There is also a choice of four end-rings that can be fitted to the tapes:

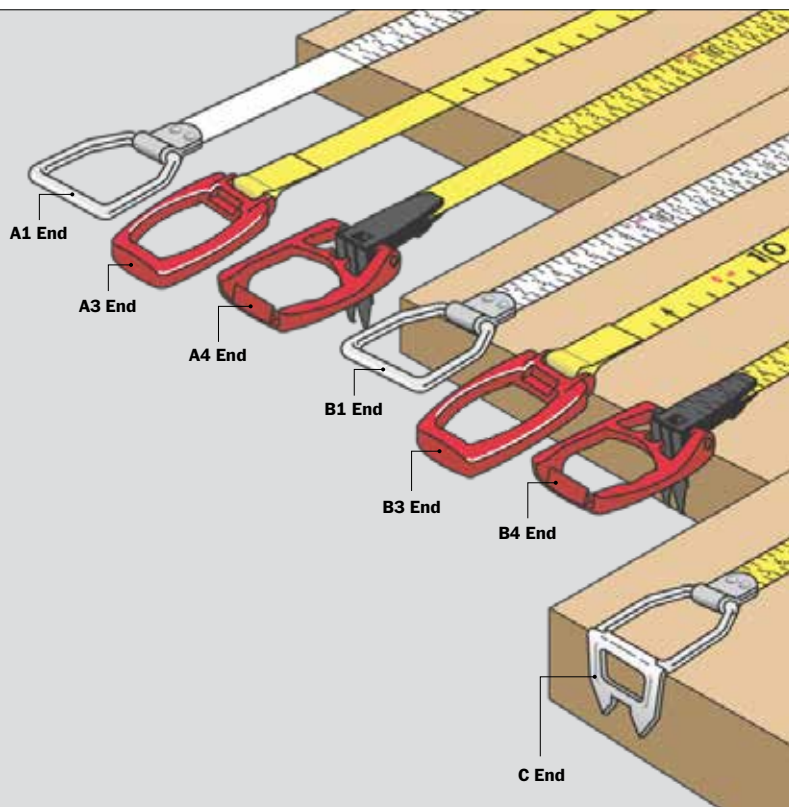

**Type 1** - High grade mild steel loop. Available with single sided metric steel tapes.

**Type 3** - Engineering grade polymer end loop. Available with single sided fibreglass tapes.

**Type 4** - Engineering grade polymer end loop with integral precision fold-in claw and additional hook on bar. Available with selected models.

**Type C** - High grade mild steel loop with stainless steel claw. Standard with all style C End zero point tapes.

Please note: Not all endings are available for all models shown.

### SURVEYORS ROD SR

Six fold wooden rule.

Quantity per pack: 5.

Ref. no.	Model	Length	Width	Unit Price
103164	649-2-6 KM	2m/6ft	24mm	£87.63 €101.65
102964	599-2-6 KM	2m	24mm	£87.63 €101.65

### ABS PLASTIC FOLDING RULE

The Hultafors G64-1-4-18VI ABS Plastic Folding Rule is a versatile four-fold measuring rule. Made from hard-wearing ABS-plastic with metric and imperial graduations on both sides.

Quantity per pack: 5.

Ref. no.	Model	Length	Width	Unit Price
201504	G64-1-4-18VI	1m	11mm	£19.62 €22.76

# Precision, versatility, and durability in one tool

A versatile, heavy-duty square designed for carpenters and joiners. It combines a traditional square, bevel, and angle finder in one compact tool. With fixed angle stops and a lockable blade, it's built for fast, accurate marking and measuring. The fold-flat design makes it easy to carry—perfect for work on the move.

Fixed angle stops at 45°, 90°, 135°, 180°, 225°, and 270°, with a lockable blade adjustable from 0° to 270°.

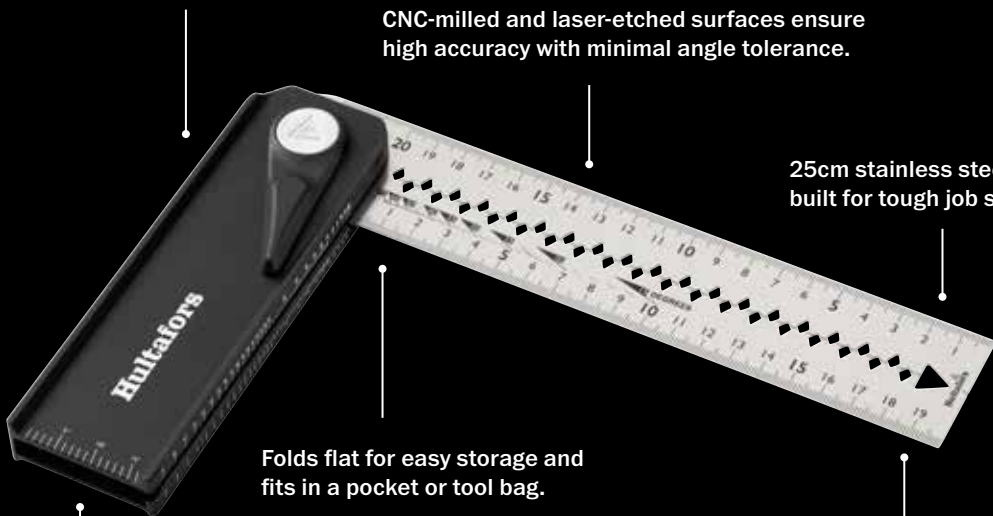

CNC-milled and laser-etched surfaces ensure high accuracy with minimal angle tolerance.

25cm stainless steel blade built for tough job sites.

Folds flat for easy storage and fits in a pocket or tool bag.

The 45mm-wide base suits standard studs with a centre mark for easy layout.

Dual angle scales on the blade and handle for fast and accurate measuring.

## Innovative Sliding Bevel for precise angles

### SLIDING BEVEL SLB 20

The Sliding Bevel SLB 20 offers multiple smart features including a stainless steel 20cm blade with a durable, laser-etched millimetre scale and angle markings (0–90°) on both sides. There is a unique, extra-strong locking mechanism at the end of the stock, The ergonomically designed knob ensures a reliable lock when transferring the measured angle or length between workpieces. Quantity per pack: 5.

- Ergonomic knob with extra-strong locking mechanism.
- Angle markings on both sides of the blade.
- Flat edge and marking notch for transferring length and depth measurements.
- Measurement scale from 0–200mm.
- Anodized aluminium with a low CO<sub>2</sub> footprint.

Ref. no.	Model	Weight	Length	Width	Height	Unit Price
256013	SLB 20	170g	268mm	51mm	20mm	£30.36 €35.21

## Squares

# Rafter Squares

## RAFTER SQUARE

The Hultafors Rafter Square is available in three sizes – mini, metric and large – all feature a white area on the reverse for making notes. It features a solid aluminium body with CNC-machined edges for greater accuracy and durability. The tool allows you to make fast and precise 45° and 90° markings. In addition, its thick edge is useful as a saw guide – it can be used directly with the saw against the square for cross cuts or angled cuts. This highly versatile tool can be used indirectly as well, using the scribing notches to create a pencil line or for when cutting plaster with a knife. The Hultafors Rafter Square can also be used as a protractor, for easily finding and marking various common angles, and has scales for cutting hip, valley and jack rafters.

- Low-glare protective anodized finish.
- Graduations are laser etched, highly resistant to wear and numbers are highly visible.
- Scribing notches.

252003	COMBI	17cm	£60.24 €69.88

## CARPENTER'S SQUARE

Carpenter's Square made of 1.5mm thick high-strength steel, cut with a precision laser, provides a durable and high precision product. There is a millimetre graduation on the front and back side of the square and on the backside, there is also an additional angle scale with two pivot points, one for 1-20° and one for 20-89°.

Ref. no.	Model	Blade Length	Tolerance	Unit Price
251403	TMV 60	60cm	± 1.0mm/m	£42.82 €49.67
251503	TMV 80	80cm	± 1.0mm/m	£48.56 €56.33
251603	TMV 100	100cm	± 1.0mm/m	£64.54 €74.87

# Award-winning chisels

Our range of chisels offer just what professional craftsmen actually need. The robust design gives the chisel extreme durability, outstanding strength and impact resistance.

Santoprene handle for perfect grip and precision.

Replaceable striking plate available as a spare part.

Forged in one piece for extremely high breaking capacity.

No sharp edges on the blade near the handle for a more secure way of working.

Can be placed flat against the work surface.

The front of the blade is extra hardened for optimal sharpness.

# Chisels

Packed in 5-packs unless otherwise stated.

## CHISEL HDC

Forged in one piece with an I-beam for extreme durability and to maximise the force transmission down to the work piece. Ideal for tasks requiring extreme strength and precision. A perfect ground blade, bevelled at 25° for the best possible ratio of sharpness and durability. The entire chisel including the handle can be positioned flat against the surface for expanded uses. Smart holster for protection and easy access.

Quantity per pack: 2

## 4 PIECE HDC CHISEL SET

Each set includes 4 HDC chisels.

Ref. no.	Chisel Widths	Pack Qty	Unit Price
390295	20, 25, 32 & 40mm	1	£167.29 €194.06
390671	6, 12, 18 & 25mm	1	£155.34 €180.19
390673	12, 18, 25 & 32mm	1	£158.60 €183.97

## REPLACEABLE NYLON STRIKER

The striking face is highly resistant.

Available as a replaceable spare part.

Quantity per pack: 1

Ref. no.	Model	Unit Price
390299	Spare Striker	£5.57 €6.47

## INCANNEL GOUGE IGC

Curved chisel, sharpened on the inside, giving a perfect 11mm radius in one stroke. Perfect for locks and hinges. High-quality Japanese steel blade with heavy-duty handle. Smart holster for protection and easy access.

Ref. no.	Model	Blade Width	Total Length	Unit Price
390133	IGC d22	11mm	232mm	£25.80 €29.93

## OUTCANNEL GOUGE OGC

Curved chisel, sharpened on the outside, giving a perfect 8mm radius in one stroke. Perfect for making cable ditches. High-quality Japanese steel blade with heavy-duty handle. Smart holster for protection and easy access.

Ref. no.	Model	Blade Width	Total Length	Unit Price
390123	OGC r8	8mm	232mm	£25.80 €29.93

## CHISEL EDC & CRAFTSMAN'S KNIFE HVK IN A DOUBLE HOLSTER

The Chisel EDC 25mm and Craftsman's knife HVK form the perfect combination.

Supplied in an easily accessible double holster, made from impact-resistant PP plastic, joined by rivets and hardwearing leather.

Japanese steel blades with heavy-duty handles designed to withstand repeated hammer blows.

Quantity per pack: 6.

Ref. no.	Model	Total length	Unit Price
391073	EDC 25 & HVK	232mm & 208mm	£41.79 €48.47

## CHISEL EDC

An everyday chisel for tough precision and all round use. High-quality Japanese steel blade with heavy-duty handle. Smart holster for protection and easy access.

Ref. no.	Model	Blade Width	Total Length	Unit Price
390013	EDC 6	6mm	232mm	£18.19 €21.10
390023	EDC 10	10mm	232mm	£18.51 €21.47

390083	EDC 32	32mm	232mm	£20.75 €24.07

## 5 PIECE EDC CHISEL SET

Set includes 5 EDC chisels: 6mm, 12mm, 18mm, 25mm and 32mm sizes.

Ref. no.	Pack Qty	Unit Price
390006	1	£97.87 €113.53

## 5 PIECE EDC CHISEL SET

5 piece EDC chisel set in practical canvas carry bag. Set includes 6mm, 10mm, 12mm, 16mm and 25mm sizes.

Ref. no.	Pack Qty	Unit Price
390005	1	£97.88 €113.54

# Designed for purpose

An ergonomically designed hammer, forged in one piece for increased durability with a vibration damping urethane plug. The straight claw and longer shaft makes this model the best choice for demolition.

The claw opening and angle give the best possible grip on the nail.

Longer shaft makes this model the best choice for demolition.

Santoprene handle for perfect grip and precision.

Easy access without leaving marks.

Ergonomically designed handle with clear end stop and a secure grip.

Precision-angled head delivers force exactly where you need it.

# HAMMERS

Pick up one of our hammers and you'll feel it at once: it just feels right in your hand. Once you've worked with it for a while, we promise that you'll see what makes it stand out from the crowd. Versatile yet powerful and perfectly designed for your work.

## CARPENTER'S HAMMER TR

An ergonomically designed hammer, forged in one piece for increased durability with a vibration damping urethane plug. Thin, strong claw that affords easy access without leaving marks. The claw opening and angle give the best possible grip on the nail. Ergonomically designed handle with clear end stop and a secure grip.

- Vibration damping urethane plug.
- Right angle and shape of striking face.
- Steel shaft with I-profile for increased durability.
- Thin, strong claw that affords easy access without leaving marks. In addition, the claw is rounded to prevent it tearing your trousers.
- Straight claw for better access and a longer shaft for more power for more demanding applications.
- Ergonomically designed handle with a clear end stop.

Ref. no.	Model	Weight	Handle	Pack Qty	Unit Price
820220	TR 16 XL	740g	X-Large	2	£57.54 €66.75
820240	TR 20 XL	810g	X-Large	2	£59.12 €68.58

## DEAD BLOW HAMMER DB

With the dead blow hammer you can count on all the power you need, but with reduced recoil and without sparks. The dead blow function uses steel bearings to cushion the shock and reduce recoil. The design features soft faces that minimises the risk of leaving marks on the work piece, and a flat area on the head that allows upright storage.

- Soft faces, easy on the work piece.
- Dead blow function uses steel bearings to cushion the shock and reduce recoil.
- Ergonomic handle of fibreglass and grip of Santoprene rubber.
- Non-sparking.
- Flat area on head allows upright storage.

Ref. no.	Model	Weight	Handle	Pack Qty	Unit Price
823411	DB 600	570g	Fibreglass	2	£67.98 €78.86
823412	DB 1200	1160g	Fibreglass	2	£99.39 €115.29

Packed in 2-packs.

Ref. no.	Model	Weight	Handle	Unit Price
822112	MER 1200	1700g	Steel	£63.25 €73.37

## Fully forged precision.

### Claw Hammer – TR EL

A smaller and lighter hammer developed for precision and work in tight spaces. Forged in one piece for maximum strength and durability.

The U-shaped striking face makes it possible to work close to ceilings and corners without leaving marks on surrounding surfaces. This makes the hammer ideal for electricians or for putting up mouldings and skirting boards or for working with fine carpentry. A straight claw also makes it easier in limited spaces as you can hold the hammer at a smaller angle and access the nail almost straight from above.

The ergonomically designed handle with a clear end stop provides a secure grip and has a hole for lanyards. Markings in the handle at 200 and 250mm help you to put cable clamps at an even distance.

- Small head with a U-shaped striking surface optimised for work near ceilings and corners.
- Forged in one piece for maximum strength and durability.
- Thin, strong claw for good access.
- Vibration-damping urethane plug.

Ref. no.	Model	Weight	Handle	Unit Price
820050	TR EL	621g	Steel	£83.82 €97.23

# Faster, smoother cuts

Handsaw developed for the modern craftsmen in close cooperation with professional users. The 1mm thick steel blade with a unique eco-friendly wax coating gives less friction and power-consuming side vibrations. The handle is mounted to the blade with a stable safety screw which enables changing blade in a simple and reliable way. The narrow blade tip facilitates access in narrow spaces and when to start cutting in the middle of a board.

# Saws

## SHORT HANDSAW HBX-14-11-S

Professional short handsaw featuring ergonomic handle with rubber grip, 1mm thick blade made from C75 quality steel, unique 3-phase grinding, robust blade protection and environmentally-friendly wax-based powder coating. Packed in 2-packs.

Ref. no.	Model	Blade Length	Teeth/Inch	Unit Price
590750	HBX-14-11-S	350mm/14"	11 tpi	£50.38 €58.44

## SHORT HANDSAW HBX-14-11-V

Professional floorboard saw featuring ergonomic handle with rubber grip, 1mm thick blade made from C75 quality steel, unique 3-phase grinding, robust blade protection and environmentally-friendly wax-based powder coating. Packed in 2-packs.

Ref. no.	Model	Blade Length	Teeth/Inch	Unit Price
590730	HBX-14-11-V	350mm/14"	11 tpi	£50.38 €58.44

## SHORT HANDSAW HBX-14-11-T

Professional tenon saw with aluminium-reinforced profile, featuring ergonomic handle with rubber grip, 1mm thick blade made from C75 quality steel, unique 3-phase grinding, robust blade protection and environmentally-friendly wax-based powder coating. Packed in 2-packs.

Ref. no.	Model	Blade Length	Teeth/Inch	Unit Price
590740	HBX-14-11-T	350mm/14"	11 tpi	£57.90 €67.16

## HANSAW HBX

Hultafors' unique teeth with 3-phase grinding combine efficiency and a good bite with nice straight cuts without chipping. The 1mm thick steel blade with a unique eco-friendly wax coating gives less friction and power-consuming side vibrations.

Ref. no.	Model	Blade Length	Teeth/Inch	Pack Qty	Unit Price
590703	HBX-22-7	550mm	7 tpi	4	£43.63 €50.61
590903	HBX-22-9	550mm	9 tpi	4	£43.63 €50.61
591103	HBX-22-11	550mm	11 tpi	4	£43.63 €50.61

## HACKSAW HMX-12

Quality hacksaw with a stiff and compact cast aluminium frame that gives a very high blade tension. Features an ergonomic handle with a rubber grip and spring-loaded blade tensioner. Packed in 2-packs.

Ref. no.	Model	Blade Length	Teeth/Inch	Unit Price
591300	HMX-12	300mm/12"	24 tpi	£36.28 €42.08

## HACKSAW HMS-12

Hacksaw with a steel frame that promotes mobility and minimises weight, without compromising blade tension. Features an ergonomic aluminium handle and spring-loaded blade tensioner. Packed in 2-packs.

Ref. no.	Model	Blade Length	Teeth/Inch	Unit Price
591310	HMS-12	300mm/12"	24 tpi	£24.44 €28.35

## HACKSAW HMM-6

Efficient, compact hacksaw with a steel frame and ergonomic aluminium handle. Packed in 2-packs.

Ref. no.	Model	Blade Length	Teeth/Inch	Unit Price
591320	HMM-6	150mm/6"	32 tpi	£20.36 €23.61

## HACKSAW HMW-6

Small, flexible hacksaw with wire frame.

Ref. no.	Model	Blade Length	Teeth/Inch	Pack Qty	Unit Price
591330	HMW-6	150mm/6"	32 tpi	2	£5.94 €6.89

## BOW SAW BSL

Bow saw featuring saw blade made from C75 steel with hardened teeth and a handle made from PP and rubber.

Ref. no.	Model	Blade Length	Pack Qty	Unit Price
590831	BSL-12	300mm/12"	1	£26.90 €31.20
590801	BSL-21	533mm/21"	1	£29.35 €34.04
590811	BSL-24	610mm/24"	1	£30.55 €35.44
590821	BSL-30	762mm/30"	1	£31.81 €36.90

## JAPAN SAW PSX

Traditional Ryoba saw with a 0.5mm thin blade, providing high flexibility and precision whilst using minimal force. Features 2 different grindings: rip and cross cut, hardened teeth, anti-rust treated blade and traditional wooden handle.

Ref. no.	Model	Blade Length	Teeth/Inch	Pack Qty	Unit Price
591270	PSX	300mm/12"	24 tpi	2	£55.04 €63.85

## JAB SAW JS

Ideal for cutting plasterboard. Features 1.6mm anti-rust treated blade made from SK5 steel with 3-phase grinding and graded scale printed on the blade, ergonomic PP handle with hole in handle to attach security device. The saw is delivered with a robust holster for safe usage and increased mobility.

Ref. no.	Model	Blade Length	Teeth/Inch	Pack Qty	Unit Price
591260	JS	125mm/5"	8 tpi	8	£19.93 €23.12

## CONCRETE SAW HC-28-34-C

Ideal for cutting porous stone-based material, featuring a 1.6mm C75 steel black-coated blade with 34 carbide teeth for efficiency and a long life span. Easy to clean wooden handle.

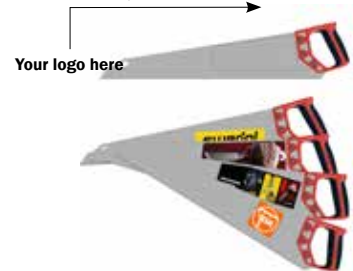

Ref. no.	Model	Blade Length	Carbide Teeth	Pack Qty	Unit Price
590760	HC-28-34-C	700mm/28"	34 pcs	2	£77.42 €89.80

## HANSAW HBS - ADVERTISING PRINT

Promote your business with a logo or image digitally printed on the HBS saw blade.

Print area size: 200mm x 58mm.

Minimum order: 90pcs

Ref. no.	Model	Blade Length	Teeth/Inch	Pack Qty	Unit Price

# Clamps

Packed in 2-packs unless otherwise stated.

## SCREW CLAMP CFP, PIVOTED HANDLE

Steel rail forged in one piece, profiled, nickel and chrome plated. Pivoting handle for increased clamping pressure. Slim front anvil for increased access in narrow places. Strong flat threaded, black phosphate screw with tilted pressure plate. Clamping force of up to 700kg.

Ref. no.	Model	Clamping Capacity	Throat Depth	Rail Dim.	Weight	Unit Price
522203	CFP 20	200mm	100mm	19.5 x 9.5mm	1050g	£46.17 €53.56
522253	CFP 25	250mm	120mm	22 x 10.5mm	1400g	£54.72 €63.48
522303	CFP 30	300mm	140mm	25 x 12mm	1950g	£67.11 €77.85
522403	CFP 40	400mm	175mm	27 x 13mm	2600g	£86.08 €99.85

## QUICK CLAMP QCX

Compact one-hand clamp made of fibreglass-reinforced nylon. Steel rail forged in one piece, with a slim front jaw for increased access in tight places. Pressure plates with tracked rubber pads to protect the surface and provide increased clamping force. Design with focus on compact and slim operation.

Clamping force of up to 120kg.  
Throat Depth: 95mm  
Rail Dim. 20 x 6mm

Ref. no.	Model	Clamping Capacity	Weight	Unit Price

# Demolish with quality.

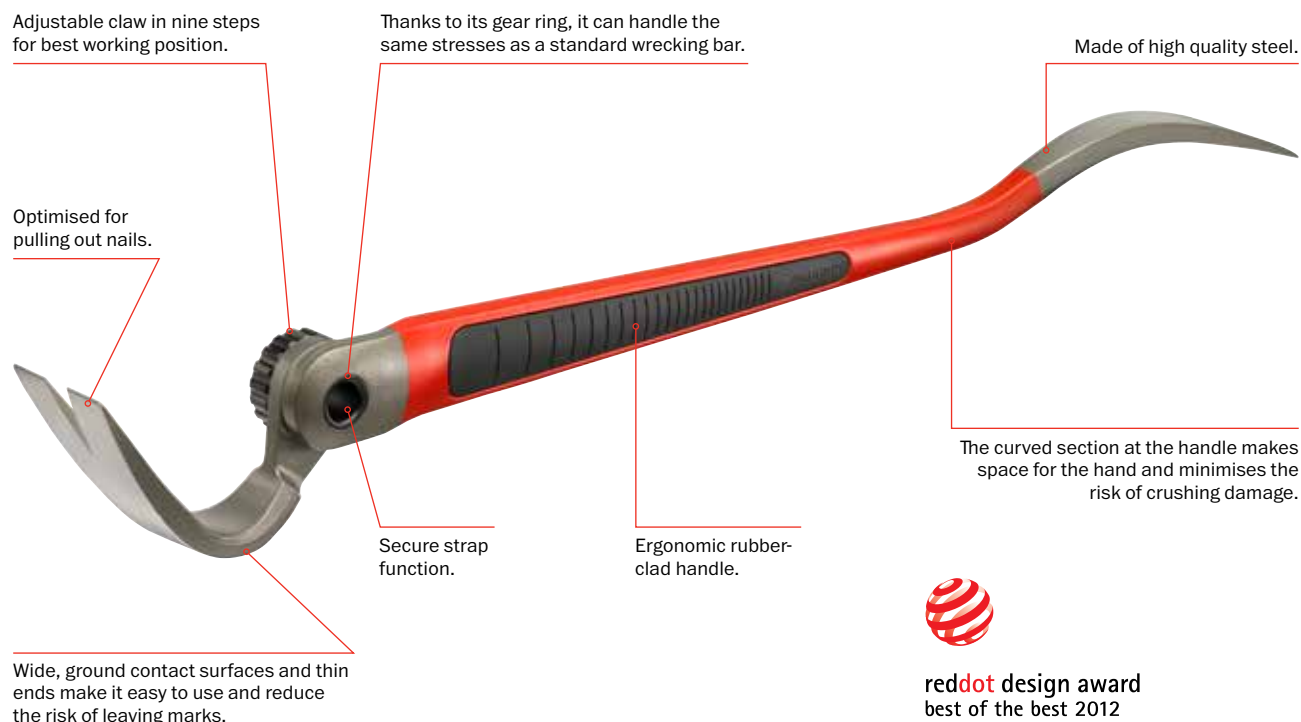

## WITH THE HULTAFORS WIDE RANGE OF WRECKING BARS

When working on ripping out windows or room furnishings, it is important that you choose a tool that is as easy to handle as possible. In such instances, a wrecking bar is exactly what you need. We produce a range of different bars, including levers, crowbars/wrecking bars and pry bars, in several different designs and materials. You will always be able to find one that satisfies your requirements.

### THE AWARD-WINNING ADJUSTABLE WRECKING BAR

Facilitate your work, step by step, with this advanced wrecking bar made of high-quality steel. It's adjustable in nine steps to ensure an optimum working position which allows you not only to wreck and pull out nails, but also easily break up wooden floors, lift doors or adjust construction framework.

#### WRECKING BAR STEEL ADJUSTABLE 209 SB

**Wrecking bar manufactured in high quality steel with ergonomic rubber-clad handle. Articulated claw, adjustable to nine different positions. Wide, ground contact surfaces and thin ends make it easy to use and reduce the risk of leaving marks.**

- Adjustable claw in nine steps for best working position.
- The curved section at the chisel makes space for the hand and minimises the risk of crushing damage.
- Optimised claw for pulling out nails.
- Secure strap function.

# Small, but mighty!

## Mini Steel Wrecking Bar 108

A small useful steel wrecking bar of 7.5" (190mm) which can be used to pull small nails, strips of wood, or to open cans.

Also available in a counter top display case with header card, containing 20 wrecking bars.

# Compact size, multiple functions

## Laser Distance Meter HDL 20

### LASER DISTANCE METER HDL 20

The HDL 20 is an intuitive, compact, and user-friendly laser distance meter designed for professionals who demand efficiency and accuracy. With a measuring range up to 20 metres, it offers four versatile functions: distance, area, volume, and continuous measurement. The backlit display ensures quick, clear readings, while the integrated horizontal vial guarantees precise results every time. The belt bag makes it easier than ever to keep your essential tool close at hand.

- Four-in-one tool: measures distance, area, volume, and continuous readings.
- Compact and lightweight - always fits in your tool belt.
- Backlit display for fast, easy-to-read measurements in any light.
- Integrated horizontal vial ensures precise alignment and accuracy.
- Comes complete with belt bag, quick start guide, and batteries.
- Measurement range 0.05 - 20m.

Ref. no.	Model	Weight	Length	Width	Height	No. of Vials	Pack Qty	Unit Price
409220	HDL 20	102g	105mm	47mm	27mm	1	1	£66.00 €76.56

Backlit display for fast, easy-to-read measurements in any light.

Integrated horizontal vial ensures precise alignment and accuracy.

Comes complete with belt bag, quick start guide, and batteries.

# Spirit Level ELV 40

## The spirit level for electricians

Spirit level for electrical installations. The C-shaped aluminium profile has plastic end pieces and rubber spacers that protects and prevents the spirit level from sliding on the measuring surface. The sliding markers with graded 71mm centre spacing, allow for quick and accurate positioning when installing switch or junction boxes according to DIN 49075.

- Tolerance in normal position is  $\pm 0.5\text{mm/m}$ , upside down  $\pm 0.75\text{mm/m}$ .
- Focus vial with colour markings for easy reading and with a 200mm radius giving a sensitivity of 10mm/m.
- The liquid in the vial is a low viscosity coloured oil mixture that gives the bubble optimal freedom of movement.
- The anti-static properties of the liquid means that the bubble is not affected by static electricity.
- Printed millimetre grid scale on profile.

Ref. no.	Model	No. of Vials	Length	Material	Pack Qty	Unit Price
408605	ELV 40	2	400mm	Aluminium	1	£75.56 €87.65

# Spirit Level IV 40

## Precision in every installation

Spirit level for installation applications. Robust aluminium profile with neodymium magnets. This, along with the V-shape of the profile, allows for a strong hold on pipes and other metal surfaces. Centre point scale on top of the profile for quick measurement and layout in different applications.

- Tolerance in normal position is  $\pm 0.5\text{mm/m}$ , upside down  $\pm 0.75\text{mm/m}$ .
- Neodymium magnets integrated in the profile for strong magnetic force.
- The liquid in the vial is a low viscosity coloured oil mixture that gives the bubble optimal freedom of movement.
- Block Vial with additional rings for 2% inclination indication when measuring horizontally.
- Double vials for both horizontal and vertical measurement.

Ref. no.	Model	No. of Vials	Length	Material	Pack Qty	Unit Price
408705	IV 40	2	400mm	Aluminium	1	£117.01 €135.73

## NOW WITH BLUETOOTH CONNECTIVITY

Measuring for angles and manually marking out inclination can be difficult and the risk for error is high. For these occasions, a digital spirit level will provide accurate readings, therefore making the job more efficient. These levels have a backlit display and an acoustic signal that indicates when the correct angle is reached. It is also possible to store previous measuring results.

# Go digital for precise inclination

### DIGITAL SPIRIT LEVEL D 60

Spirit level with a digital unit mounted in a robust aluminium box profile with Bluetooth connection. For measuring inclination in different applications.

The measurement area is 360°, split into four 90° zones. The vials are highly resistant to ultraviolet light and temperature fluctuations. The vials have a +30% magnification lens and the horizontal vial has a luminescent reflector. Easy battery change and automatic shut-off after 5 minutes.

- Tolerance of vials in normal/inverted position is  $\pm 0.5\text{mm/m}$ .
- Shock absorbing end protectors with anti-slip function.
- The display shows tenths of degrees, percentages, mm/m or inch/feet.
- Electronic unit tolerance in horizontal ( $0^\circ$ ) and vertical ( $90^\circ$ ) position is  $\pm 0.05^\circ$ , for other angles  $\pm 0.1^\circ$ .

Ref. no.	Model	Length	No. of Vials	Pack Qty	Unit Price
408501	D 60	600mm	2	1	£332.64 €385.87

### DIGITAL SPIRIT LEVEL MAGNETIC DM 60/120

Spirit level with a digital unit mounted in a robust aluminium box profile with Bluetooth connection. With the help of integrated magnets, the digital spirit level can easily be attached to metal surfaces. For measuring inclination in different applications. The measurement area is 360°, split into four 90° zones. The vials have a +30% magnification lens and the horizontal vial has a luminescent reflector. Easy battery change and automatic shut-off after 5 minutes.

- Strong neodymium magnets integrated in the profile.
- Tolerance of vials in normal/inverted position is  $\pm 0.5\text{mm/m}$ .
- Shock absorbing end protectors with anti-slip function.
- The display shows tenths of degrees, percentages, mm/m or inch/feet.
- Electronic unit tolerance in horizontal ( $0^\circ$ ) and vertical ( $90^\circ$ ) position is  $\pm 0.5^\circ$ , for other angles  $\pm 0.1^\circ$ .

Ref. no.	Model	Length	No. of Vials	Pack Qty	Unit Price
408511	DM 60	600mm	2	1	£351.51 €407.76
408521	DM 120	1202mm	2	1	£394.46 €457.57

# Torpedo Spirit Level - TV20

## Pocket optimised levelling

A compact, lightweight and versatile spirit level, designed with tapered ends to fit perfectly in your pocket.

It comes equipped with crush-proof tubular vials - horizontal, vertical and 45° angle. All three vials are highly resistant to ultraviolet light and temperature fluctuations. The liquid gives the bubble optimum freedom of movement and is not affected by static electricity.

It's made from impact resistant ABS plastic and an aluminium core that makes it both more durable and precise. A strong magnet keeps it in place on pipes, beams and magnetic surfaces.

- Slim torpedo spirit level designed to fit in your pocket.
- Aluminium profile for greater durability and precision.
- 3 crush proof vials with a 200mm radius giving a sensitivity of 10mm/m.
- Tolerance +/-1.0mm/m.
- Strong magnet along the entire contact surface.

Ref. no.	Model	Length	No. of Vials	Pack Qty	Unit Price
401893	TV 20	200mm	3	6	£42.21 <del>€48.96</del>

### DIGITAL POCKET LEVEL DPL

Smart and compact multifunctional digital pocket level. This device combines the functions of a spirit level, an inclinometer and a protractor in one device. The auto-rotating backlit display and v-grooved magnetic base allows for use in many environments. Switchable acoustic signal. Combine it with our Hultafors Measures app, to show the full potential of this small spirit level.

- Tolerance of 0.05° at 0° and 90°, 0.2° between 1° and 89°.
- Magnetic base with V-groove ensures a secure hold on pipes and metal surfaces.
- Bluetooth interface for use with the Hultafors Measures app.
- Display measure values switchable between °, %, mm/m, and in/ft.
- Included belt pouch for protection and transportation.

405881	SM 90	900mm	2	£27.98 €32.45
405871	SM 100	1000mm	2	£29.46 €34.17
405921	SM 120	1200mm	2	£38.14 €44.24
405931	SM 150	1500mm	3	£45.80 €53.13
405941	SM 180	1800mm	3	£52.11 €60.45
405951	SM 200	2000mm	3	£56.42 €65.44

## DIY SPIRIT LEVEL GDS

Plastic.

Tolerance: Normal  $\pm 1.0\text{mm/m}$ .

Ref. no.	Model	Length	No. of Vials	Unit Price
401503	GDS 40	400mm	2	£17.01 €19.74
401603	GDS 60	600mm	2	£23.19 €26.91

## TORPEDO SPIRIT LEVEL TVP

Plastic. Tolerance: Normal  $\pm 1.0\text{mm/m}$ .

Quantity per pack: 5.

Ref. no.	Model	Length	No. of Vials	Unit Price
401803	TVP 25	250mm	2	£14.86 €17.24

## TORPEDO SPIRIT LEVEL TVP MAGNET

Plastic. Tolerance: Normal  $\pm 1.5\text{mm/m}$ .

Quantity per pack: 5.

Ref. no.	Model	Length	No. of Vials	Unit Price
401853	TVP MAGNET 20	200mm	3	£11.43 €13.26

## SPIRIT LEVEL MST

Aluminium.

Tolerance: Normal  $\pm 0.3\text{mm/m}$ .

Ref. no.	Model	Length	No. of Vials	Unit Price
402801	MST 75	750mm	2	£159.75 €185.31
402901	MST 180	1800mm	3	£283.59 €328.97

## LINE LEVEL UZ

Plastic.

Quantity per pack: 10.

Ref. no.	Model	Length	No. of Vials	Unit Price
402804	UZ 8	80mm	1	£5.37 €6.23

## RIGHT-ANGLE LEVEL K

Plastic.

Quantity per pack: 10.

Ref. no.	Model	Length	No. of Vials	Unit Price
402004	K 5	60mm	2	£6.38 €7.40

## POCKET SPIRIT LEVEL MPL

Compact spirit level for fast and reliable horizontal measuring, features crush-proof block vial with magnifying effect.

Tolerance: Normal  $1.00\text{mm/m}$ .

Quantity per pack: 10.

Ref. no.	Model	Length	No. of Vials	Unit Price
401303	MPL	68mm	1	£22.27 €25.84

## POCKET SPIRIT LEVEL MPL MAGNETIC

Compact spirit level with magnet for fast and reliable horizontal and vertical measuring, features crush-proof focus vial with magnifying effect. The strong magnet and V-groove facilitates measurement on flat or curved surfaces such as pipes, beams etc.

Tolerance: Normal  $0.75\text{mm/m}$ .

Quantity per pack: 10.

Ref. no.	Model	Length	No. of Vials	Unit Price
401313	MPL MAGNETIC	68mm	1	£29.33 €34.02

# High-precision spirit level that grows with the job

NEW FACE LIFT MODEL

## Libella 2000 Spirit Level System

The Libella 2000 is a high-precision spirit level designed for professional use, and it forms the core of an expandable rail system that gives you extra reach whenever you need it. The Libella 2000 is a short, highly sensitive die-cast aluminium spirit level with 2.0mm/m sensitivity and a tolerance of  $\pm 0.25\text{mm/m}$  in standard position, giving you reliable readings even on demanding tasks. Crush-proof block vials with high transparency, a magnifying lens and a luminescent reflector make it easy to read the level in low light or at a distance.

To extend your reach, you can combine Libella 2000 with fixed aluminium rails in lengths of 1200, 1500 or 1800mm. For maximum flexibility and length, add the Extension rail kit consisting of two rails at 600 and 900mm. They could either be used separately or mounted on the fixed rails to stepless extend their lengths. The maximum system length is 3100mm, achieved by combining the fixed 1800mm rail with the Extension kit.

A gradient wedge is available as an accessory with 20 steps between 2 and 40mm/m can be mounted on the rails and let you quickly set or check inclines.

### LIBELLA 2000 ACCESSORIES

### LIBELLA 2000 SPIRIT LEVEL

Aluminium.

Tolerance: Normal  $\pm 0.25\text{mm/m}$ , Inverted  $\pm 0.75\text{mm/m}$ .  
Quantity per pack: 1.

# TESTED FOR THE REAL WORLD

Engineered for professionals, the Hultafors collection of tool bags combines ultimate functionality with rugged design.

Crafted from an extremely durable, water-repellent 1680D polyester, our Tool Carriers are the fortress your tools deserve. Stains, dust, mildew – our bags resist them all, ensuring your gear remains organised and protected.

## TOOL BUCKET

Ergonomically shaped bucket designed for carrying tools. Robust handle for comfortable tool carrying that can be put in standing position when put down. Measuring scale on the inside, can take a burden of 100kg.

Ref. no.	Model	Length	Width	Height	Unit Price

590102	TBO	175mm	195mm	90mm	£24.87 €28.85

## MOLDED BASE TOOL BACKPACK

Ergonomic, heavy duty, all-purpose tool backpack with a robust moulded base, adjustable straps and 48 pockets and tool holders. The base prevents the bag from tipping over, protects the bottom from moisture, dirt and wear - and keeps your tools dry. Features two compartments that zip open fully for maximum overview and access. Compartment closest to your back has a padded pocket for laptops (up to 15"), tablets and documents. Also features medium-sized pockets with lids and zippers, an external water bottle pocket, tape measure holder, pen holders, key chain holder and elastic loops for smaller tools such as screwdrivers.

Ref. no.	Length	Width	Height	Unit Price
590120	480mm	370mm	340mm	£126.41 €146.64

## TROLLEY TOOL BAG

Large, versatile trolley tool bag featuring 33 pockets and tool holders, perfect for any tradesperson who needs to bring an extensive set of tools to the worksite. It's designed to carry power tools, hand tools, electronics, gadgets - everything you need. Large, treaded wheels and a telescopic aluminium handle allows you to easily pull it along over most surfaces. Features one single large compartment lined with pockets and tool holders. There is a strap for fastening the lid in an open position, external pockets, padded handles and a set of straps for attaching spirit levels or other long and narrow tools.

Ref. no.	Length	Width	Height	Unit Price
590170	470mm	530mm	370mm	£154.66 €179.40

## OPEN-TOP TOOL CARRIER

All-purpose, soft-sided tool box featuring 35 pockets and tool holders, an open top and lower sides for easy access and overview. The large centre compartment is lined with pockets and tool holders, external pockets include a holder for long, narrow tools such as spirit levels and saws, a tape measure holder, electrician's tape strap, pen holders, key chain holders and elastic loops for smaller tools such as screwdrivers. Extra high handle with rubber covering allowing for a comfortable grip.

Ref. no.	Length	Width	Height	Unit Price
590140	540mm	310mm	290mm	£72.31 €83.88

## TOOL BACKPACK

Ergonomic, all-purpose tool backpack with 48 pockets and tool holders, adjustable straps and two large, zippered compartments that zip open fully for maximum overview and access. Through a zipper on the side, you can access a third, central padded compartment that can fit laptops (up to 15"), tablets and documents. The large pocket on the front of the bag features a buckled strap for securing large/unruly equipment, materials, cables and components. Also has medium sized pockets with lids/zippers and straps for securing power tools and chargers, external tape measure holder, pen holders, a key chain holder and a small loop for attaching a carabiner.

Ref. no.	Length	Width	Height	Unit Price
590130	430mm	380mm	330mm	£111.68 €129.55

### ELECTRICIAN'S TOOL BAG

Open top, soft-sided tool bag with 34 pockets and tool holders and a square footprint that provides great stability, such as when being transported in a car. The bag's main space is divided into three equal compartments lined with pockets and tool holders, and the dividing sections are riveted onto the main body of the bag for extra rigidity. Also features medium sized pockets with lids and zippers, a transparent pocket and an assortment box for storing screws and other small components that fits into a large pocket on the outside of the bag. Also has an external tape measure holder, an electrician's tape strap, a key chain holder and elastic loops for smaller tools such as screwdrivers.

Ref. no.	Length	Width	Height	Unit Price
590150	470mm	340mm	310mm	€72.46 €84.06

### ERGONOMIC TOOL CARRIER

Open, soft-sided toolbox with 25 pockets and tool holders, designed for ergonomic carrying. The back of the bag has an ergonomic curve to give your leg better room to move. Features a robust, moulded base to prevent the bag tipping over and protects from moisture, dirt and wear - keeping your tools dry. The front and bag of the back has different heights for a good overview and access from the front, and support for your tools on the back. Large centre compartment lined with pockets and tool holders and medium sized pockets with lids and zippers. Also includes a rain and dust cover made from ripstop fabric with a padded, adjustable shoulder strap.

Ref. no.	Length	Width	Height	Unit Price
590110	420mm	260mm	270mm	£85.37 €99.04

### ELECTRICIAN'S TOOL POUCH

Ergonomic tool pouch with 21 pockets and tool holders for electricians and technicians. Shaped like a small messenger bag and designed to be worn whilst working - keeping your tools within reach. Can be attached to a belt, up to 60mm wide. The zippered lid keeps equipment safe and the main compartment has multiple pockets to help organise tools. Also includes an external tape measure holder, electrician's tape strap, a small loop for attaching a carabiner, elastic loops for smaller tools such as screwdrivers and holders for a key chain, hammer and pens.

Ref. no.	Length	Width	Height	Unit Price
590180	390mm	310mm	150mm	£55.24 €64.09

### ZIPPERED TOOL BAGS

Set of two small tool bags for storage of special tools, equipment or materials like screws, tacks, bits etc. Each bag has three storage spaces, one large compartment and 2 smaller pockets. The bags also feature a textile loop which makes them easier to carry or hang from a bag, belt or a hook.

Ref. no.	Length	Width	Height	Unit Price
590190	300mm	250mm	20mm	£14.96 €17.36

### HAMMER AND TOOL HOLDER

A tool holster with a sturdy metal hammer holder and a pocket for utility knives, pliers or other small tools that you always want to keep close at hand. You can hang it from your belt via a loop at the top and it fits belts up to 50mm wide.

Ref. no.	Length	Width	Height	Unit Price
592010	200mm	90mm	70mm	£14.96 €17.36

### TECHNICIAN'S TOOL BAG

A closed, compact tool bag with 48 pockets and tool holders designed for technicians, maintenance workers and electricians, and has three zipped compartments. The centre compartment has an extra large, 'big mouth' opening with a framing that allows you to leave it fully open whilst working. Side compartments zip open fully for maximum overview and access. Features medium sized pockets with lids and zippers for safe storage. Also includes an external tape measure holder, key chain holder, pen holder and transparent pockets.

Ref. no.	Length	Width	Height	Unit Price
590160	360mm	350mm	270mm	£85.37 €99.04

## TECHNICIAN'S POUCH

An extra pocket for your must-have tools, this pouch can be easily added to your belt using a snap closure or slide the padded flap into your pocket and it will stay there securely. The choice is yours. It has 8 pockets and tool holders including an electrical tape strap. The large pocket is big enough to fit the most important tools for your day. Made of our durable 1680 Denier ballistic polyester.

- 8 pockets and tool holders and a tape strap
- Rear flap and snap closure for easy attachment

Ref. no.	Length	Width	Height	Weight	Volume	Unit Price
592020	315mm	175mm	80mm	252g	4.410 l	£17.39 €20.17

## MAINTENANCE POUCH

Have all your favourite tools close at hand with this smooth maintenance pouch. Keep your tools organised with 14 pockets and tool holders. This pouch has room for it all, including tape sling and a sleeve that holds a flashlight or voltage tester for easy access. It's a premium quality pouch made of durable 1680 Denier ballistic polyester fabric, that's easy to attach to your belt and stays in place throughout your day.

- 14 pockets and tool holders
- Electrical tape strap
- Fits belts up to 50mm

Ref. no.	Length	Width	Height	Weight	Volume	Unit Price
592030	280mm	200mm	105mm	274g	5.880 l	£20.48 €23.75

## ZIP-TOP UTILITY POUCH

This medium-sized zip-top utility pouch has a main compartment that you can close with double-pull zippers to secure your tools and prevent smaller pieces from falling out. Made in durable 1680 Denier ballistic polyester fabric, it includes a tape measure clip and an electrical tape strap for easy access. When you are done for the day, you just close the zipper and detach the pouch, knowing everything is secure and will stay there.

- 18 pockets and tool holders and a zippered lid
- Snap-back that keeps lid out of the way, for easy access
- Large front panel pocket, tape strap and clip for measuring tape
- Fits belts up to 50mm

Ref. no.	Length	Width	Height	Weight	Volume	Unit Price
592040	330mm	200mm	130mm	468g	8.580 l	£27.68 €32.10

## HAMMER HOLDER

Ergonomically-angled design prevents the hammer-handle from striking your leg when walking, or getting in the way when bending down on your knees. The angle also makes it easy to access the hammer. Easy to attach to trousers, a belt or a tool vest. Made in extra strong, yet flexible thermoplastic that will not damage delicate surfaces.

Quantity per pack: 10.

Ref. no.	Model	Length	Width	Height	Unit Price
592000	HMRH	67mm	70mm	90mm	£12.54 €14.55

## CRAFTSMAN'S POUCH

Keep your everyday essentials organised and within reach with this pouch. Designed for professional reliability, it features three inner compartments - one made to securely hold your Hultafors MRS Medium Rafter Square. Two side pockets that give you quick access to your most-used tools, like screwdrivers and pencils. It also features a sturdy tape measure holder. Made from durable 1680 Denier ballistic polyester, the pouch delivers lasting durability in a compact, comfortable design - perfect for all-day use, so you always have your tools at hand.

590600	HWM	1080mm	780mm	20mm	£25.90 €30.04

# HULTAFORS AXES

## Forged With Tradition

For thousands of years the axe has been an extension of the arm for humankind. With the help of the axe, man has been able to find his way through unspoiled nature, construct dwellings and butcher wild game. The axe has been a survival tool while at the same time it has offered freedom and independence. He who had a sharp axe could defend himself at all times and also prosper.

Today we no longer need the axe for survival but it still helps us solve a number of practical tasks in everyday life whilst assisting lovers of the outdoors to enrich their leisure time.

With the axe being a part of our cultural heritage, the blacksmith has an essential role both in preserving the axe tradition for coming generations and more importantly, in giving the axe user ultimate satisfaction and utility in the use of his axe.

Hultafors axes are produced at Hults Bruk in Sweden where axes have been forged for over 300 years.

### Axes

Hand forged from Swedish steel with a hickory handle.

#### TREKKING AXE

A small axe for outdoor life in forests and open land. Manufactured in blasted and clear-lacquered ironwork, which is also suitable for work in the garden.

Ref. no.	Weight	Handle	Pack Qty	Unit Price
840025	600g	Hickory	4	£86.27 €100.08
840086	900g	Hickory	4	£95.62 €110.92

#### FELLING AXE HY

Suitable for small scale tree felling. Manufactured in blasted and clear lacquered ironwork. Curved hickory handle.

Ref. no.	Weight	Handle	Pack Qty	Unit Price
840085	900g	Hickory	4	£97.59 €113.20

840185	1500g	Hickory	4	£119.51 €138.63

#### SPLITTING AXE KLY

Heavier axe suitable for splitting thick wood. Manufactured in blasted and clear lacquered ironwork. Straight hickory handle.

Ref. no.	Weight	Handle	Pack Qty	Unit Price
840592	1500g	Hickory	2	£165.07 €191.48

# Hultafors Premium Axes

All Hultafors premium axes are hand-forged and made from Swedish axe steel in a foundry that has been in operation since 1697. The axe head is struck multiple times thereby increasing its density and resulting in a more durable axe. The American hickory handle is treated with linseed oil and each axe comes with a traditional leather protective sheath (replacement sheaths and handles are available).

Each axe has its own box and comes with a detailed user manual. Due to the quality and craftsmanship involved, Hultafors offer a full lifetime warranty on all premium axes.

Packed in 1-packs unless otherwise stated.

NEW

## KVILLINGE SPLITTING AXE

Kvillinge is a robust and well-balanced axe, designed for medium to large logs. The redefined wedge shape and added weight provide more driving force through the wood. The edge is curved to reduce bounce, while also biting into the wood and holding just enough to help turn logs, without getting stuck. While the added weight allows for deeper penetration into the wood, extra care has been taken to ensure the axe never feels heavy in the hand. The handle is slightly curved and crafted to combine the perfect balance, control and strength in the swing.

Its design draws inspiration from classic Swedish splitting axes. The axe is hand forged and made from quality steel in the forge at Hults Bruk and we offer a full lifetime warranty on the axe head. Maintain it well and Kvillinge will be a trusted companion for years to come.

- The head is designed for most efficient splitting and to reduce bounce.
- Designed with a 1.9 kg head for superb splitting force.
- Wooden handle made from American hickory, treated with linseed oil for better grip even when wet.
- Protective axe sheath made from sustainably produced Swedish leather.
- Perfected balance for ergonomic handling and excellent driving force.

Ref. no.	Model	Weight	Length	Unit Price
841790	KVILLINGE 1.9	2450g	895mm	£150.24 <del>€174.28</del>

NEW

## OVERSTRIKE GUARD, REINFORCED

A heavy-duty strike guard for the Kvillinge axe. Made out of reinforced leather, it protects the handle closest to the axe head in the event of an overstrike. The guard (also known as a handle protector or an axe collar) is tied around the handle using the included leather cords. The strike guard is made in Sweden with hides from Swedish cows and it is manufactured with the greatest care for the animals and the environment. The leather is vegetable tanned full grain leather for the best possible durability.

Ref. no.	Model	Weight	Length	Unit Price
840799	OGRHB	0.07kg	140mm	£26.90 <del>€31.20</del>

Packed in 1-packs unless otherwise stated.

### ÅGELSJÖN MINI HATCHET

Small hatchet suitable for hiking in the woods or for tasks around the camp site. Easy to pack in a backpack or attach to a belt. Weight: 775g.

## ARVIKA 5 STAR AXE

Large felling axe designed for competition and serious chopping. The design of the head is inspired by Australian Racing Pattern Axes, polished and heavy with a convex ground edge. The long and curved handle in American hickory provides maximum speed and force when felling trees.

Packed in 4-packs.

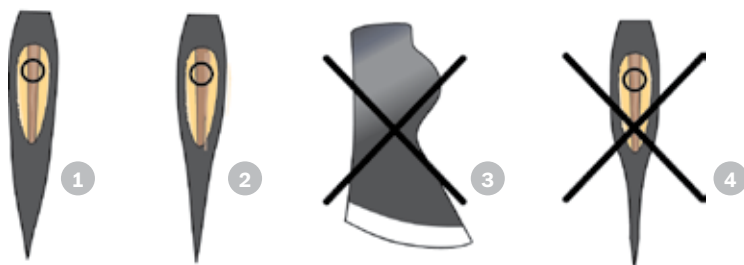

Ref. no.	Model	Handle Length	Weight	Unit Price
840511	8F-2.0 800/32"	800mm/32"	2750g	<del>£235.71</del> <b>£273.43</b>

# SHARPEN, STORE AND USE

**Sharpening.** Use a convex edge for applications such as delimiting, felling and splitting (1). Use a straight edge for hacking (2). An axe that has been sharpened at an angle is dangerous to use as it can easily slip! (3). A concave edge entails a high risk of the axe splintering (4). You can sharpen your axe edge using sandpaper or a bench grinder. The safest way to sharpen is using a wet grinder, but sometimes it may be necessary to first grind out burrs or other damage using a different method, e.g. a bench grinder.

**NB:** It is very important that you take care when sharpening and ensure that the axe is not affected by heat! If any part of the axe turns a blue colour, it signals that its tempered zone has disappeared in that part of the axe and it is no longer resistant to wear.

**Storage.** Never store your axe in excessively dry places, e.g. in boiler rooms or leaning against a heater. You then risk the shaft drying out and the axe head coming loose whilst being used.

**Use.** Never strike the neck of the axe with another tool. Never use the axe as a sledge. Only sledge axes can withstand being used as a sledge.

## RE-HANDLE.

**Re-Handle.** If an axe, sledge or hammer breaks, it is almost always the shaft/handle that is the culprit. A poor quality or damaged shaft is a major safety risk. However, if the head is still in good condition, you can re-use your tool by fitting a new shaft. When fitting a new shaft to your tool, it's important to ensure that the shaft is dry. If it's not and dries after the head has been fitted, there is a danger that the head will come loose. This also applies to the wedge if you fit a new shaft using a wooden wedge.

### Shaft Key:

**A** = Ash  
**S** = Steel  
**G** = Fibreglass  
**H** = Hickory  
**B** = Beech

### Model Designation Key

**BHS**    **295** - **19** x **11**  
 ↓            ↓            ↓  
 Model    Length    Eye

### To fit a new shaft, do the following:

1. Cut off the existing shaft just below the head.
2. Drill a number of holes in the eye.
3. Tap out what is left and clean the eye.
4. Press and tap the head onto the new shaft, firmly but carefully. Cut off the protruding part of the shaft.
5. Fit the steel wedge so that the end of the shaft fills the eye. If the steel wedge is not sufficient, you should fit a wooden wedge before the steel wedge. You can make this by cutting a wedge from a dry piece of hard timber. Then split the end of the shaft using a chisel. Apply some wood glue, tap in the wooden wedge and then cut off the excess.
6. Tap the steel wedge out so that it locks the wooden wedge in position. Then apply oil to the end of the shaft to protect it against moisture.

# LEATHER ACCESSORIES

Packed in 1-packs unless otherwise stated.

## OVERSTRIKE GUARD

A leather strike guard that protects the handle closest to the axe head in the event of an overstrike. The guard (also known as a handle protector or an axe collar) is tied around the handle using the included leather cords. The strike guard is made in Sweden using Swedish cow hides and it is manufactured with the greatest care for the animals and the environment. The leather is vegetable tanned full grain leather for the best possible durability and the natural treatment means that it will age beautifully when worn. Fits the following Hultafors Premium axes: Ågelsjön, Hultån, Åby, Dvardala, Ekelund and Qvarfot.

Ref. no.	Model	Length	Unit Price
840793	OGHB	120mm	£17.93 <del>€20.80</del>

## AXE HOLSTER

A holster so you can carry your axe with you in your belt and always have it close and ready to use. Remember to always have the axe sheath on when carrying the axe in the holster. The holster is made in Sweden using Swedish cow hides and it is manufactured with the greatest care for the animals and the environment. The leather is vegetable tanned full grain leather for the best possible durability and the natural treatment means that it will age beautifully when worn. Fits belt widths up to 50mm (2 inches). The opening measures approximately 55 x 30mm. Fits the following Hultafors Premium axes: Ågelsjön, Hultån, Åby, Dvardala (with strike guard) and Ekelund (without strike guard).

Ref. no.	Model	Length	Unit Price
840795	ABHBB	142mm	£19.63 <del>€22.77</del>

## AXE SLING

A leather axe sling for carrying your axe on your back, perfect when you don't want to carry a backpack. It is length adjustable between 900 and 1100mm to suit different axes and people. The sling is extra wide over the shoulder to distribute the weight and be comfortable to wear. It attaches to the axe with the carabiners at each end of the sling. One end attaches to the hole in the handle via an extra leather strap that is included, the other end is attached to the axe sheath. (There are only attachment holes on newer sheaths.) The sling is made in Sweden using Swedish cow hides and it is manufactured with the greatest care for the animals and the environment. The leather is vegetable tanned full grain leather for the best possible durability and the natural treatment means that it will age beautifully when worn. Width: 25 - 45mm (1 - 2 inches).

Ref. no.	Model	Weight	Unit Price
840796	ASHB	151g	£45.09 <del>€52.30</del>

## LEATHER BELT

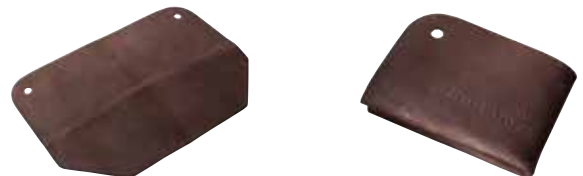

A timeless belt engraved with Hults Bruk's classic logo, made of vegetable-tanned leather that matches Hults Bruk's premium axe sheaths and other axe accessories. It is 40mm wide and has a sturdy buckle with an antique brass finish that is free from chrome, nickel and lead. You can unscrew the buckle from the strap and shorten the belt to any length (don't forget to fasten the seam if you do this). The belt is made in Sweden using Swedish cow hides and it is manufactured with the greatest care for the animals and the environment. The leather is vegetable tanned full grain leather for the best possible durability and the natural treatment means that it will age beautifully when worn.

Ref. no.	Model	Length	Unit Price
840797	LBHB-95	95cm	£50.82 <del>€58.95</del>
840798	LBHB-115	115cm	£52.94 <del>€61.41</del>

## TREKKER'S LITTLE HELPER FORSBERG

Versatile outdoor accessory made from genuine leather and impregnated on both sides. Perfect as a seat pad, to help start and move a fire, and as protection when carving and processing wood. Features holes and leather strap for easier fastening onto a backpack.

Ref. no.	Model	Length	Width	Unit Price
840791	FORSBERG 32x22	320mm	220mm	£30.05 <del>€34.86</del>

## GRINDING STONE AXE

Grinding stone is designed to give a steady grip, protecting hands and fingers from cutting injuries. The stone has a coarse grit grain size of 180, fine grit grain size of 600. Includes protective genuine leather case for long life span. Grinding with water is recommended.

Ref. no.	Model	Length	Width	Height	Unit Price
840792	GS 600/180	75mm	75mm	25mm	£60.16 <del>€69.79</del>
